Proposal for Critical Raw Materials
Development

№ 25-10/11

17 October 2025

Dear Sir or Madam,

We are writing to you on behalf of LLP "Global Solution Company", a Kazakh enterprise with significant assets and expertise in the field of strategic mineral resources. We are initiating a search for a strategic international partner to jointly develop a large-scale project focused on a diverse portfolio of critical raw materials, essential for the global high-tech, energy, and industrial sectors.

Our company holds the rights to promising deposits containing a wide range of these strategically vital materials. The portfolio of key commodities includes:

Critical Metals & Minerals	Industrial & Technology Metals	Specialty & Rare Metals
• Beryllium (Be) • Tantalum (Ta) • Niobium (Nb) • Graphite • Fluorite • Barite	• Titanium (Ti) • Zirconium (Zr) • Chromium (Cr) • Manganese (Mn) • Aluminum (Al) • Zinc (Zn) • Nickel (Ni) • Magnesium (Mg)	• Cobalt (Co) • Tungsten (W) • Antimony (Sb) • Bismuth (Bi) • Gallium (Ga) • Germanium (Ge) • Tin (Sn) • Cesium (Cs) • Rubidium (Rb) • Iridium (Ir)

We are seeking an investment and technology partner to contribute capital, advanced processing technologies, and global market access. In return, we offer:

- Secure Access to Critical Resources: Control over a significant and diversified resource base.
- Comprehensive Local Expertise: Our deep-rooted presence in Kazakhstan ensures a thorough understanding of the regulatory landscape and mining practices.

We have established strong, transparent working relationships with relevant government ministries and committees, which facilitates all necessary permitting and provides a stable, well-supported operational environment for our partners.

· Commitment to ESG Principles: A foundational commitment to sustainable and responsible development according to international standards.

We propose establishing a Joint Venture to capitalize on this strategic alignment. We are confident that such a partnership will create a reliable and long-term supply chain for these critical materials.

We believe this project represents a compelling opportunity and look forward to exploring a potential partnership.

Sincerely,

Bakhytzhan Dautbayev
Director
LLP "Global Solution Company"
